Pay and display car parking is available opposite the church in Burgage Lane, SG12 9XD - entrance next to the Brewery Tap at the northern end of the High Street. Other car parks are also available.

The best way into the town from the south is straight up the A10 to the junction just north of the viaduct, and the next beyond Hertford, signed STEVENAGE. At the top of the slip road turn right. This takes you down into the northern end of the town (and the tower of the church may be clearly seen from halfway down the hill.) At the bottom, bear left at the first roundabout, then right at the large roundabout a few yards further on. The entrance to the public car park is about 250 yards down Baldock Street on the right.
