On Saturday August 24th an 'Organ Extravaganza' was held at St Mary's, Ware, where Peter Smith was organist in his later years, as a joyful celebration of Peter's life. A number of Peter's friends, colleagues and pupils played, including EDOA members Robert Evans and Philip Shrimpton and former members Michael Smith and Jonathan Dods. Refreshments were served during the interval. The church was full and we were reminded how many people benefited from Peter's musical gifts.
